INTRODUCTION

DEPARTMENT OF THE ARMY
JUSTIFICATION OF ESTIMATE FOR FISCAL YEAR 2001
RESERVE PERSONNEL, ARMY

INTRODUCTORY STATEMENT

The mission of the United States Army Reserve (USAR) is to organize, train and sustain trained, ready and relevant units and soldiers for mobilization and employment in support of the National Military Strategy. Today's Army Reserve is no longer a FOR EMERGENCY USE ONLY organization. Today's Army Reserve is an auxiliary force -- a repository of specialized, much in demand capabilities and an enabling force -- augmenting America's Army in its core competencies of Echelons Above Division Combat Service Support (EAD CSS) and Echelons Above Corps Combat Support (EAC CS), enabling the Army to meet the strategic requirements of Power Projection. Today's Army Reserve is the most employed Reserve Component across the entire spectrum of operations, -- a streamlined, dynamic, ready and relevant force, accomplishing critical daily missions for America's Army around the world while simultaneously remaining prepared to respond rapidly to warfighting support requirements.

With the reduction in size of America's military, the responsibility for The Army's sustaining functions has fallen more and more to the Reserve Components. The Army Reserve, by doing its part of the Training function, helps The Army to return soldiers to combat divisions. Army Reserve soldiers are now fully integrated into training The Army across the entire training spectrum. Army Reserve soldiers provide quality training to soldiers and units from all components.

The Army Reserve's resource requirements must properly be viewed in the context of the Army's daily dependence on the USAR and the USAR's ongoing transformation from a force in reserve to a fully engaged auxiliary force. The USAR completed the pre-QDR drawdown in end strength from 319,000 in FY 1989 to 208,000 in FY 1998 and is at QDR end strength level of 205,000 in FY 2001.

During this challenging period of downsizing, the Army Reserve has had an unprecedented mission increase, mobilizing six times, for Desert Shield/Storm, Somalia, Haiti, Bosnia and Kuwait, and most recently Operation Joint Guardian in Kosovo--35% of all RC forces mobilized for Desert Shield/Storm came from the USAR, and the USAR provided 80% and 71%, respectively, of all RC forces mobilized for Haiti and Operation Joint Endeavor/Guard/Forge. During Operation Provide Refuge, the USAR managed refugee operations and care for more than 4,000 Kosovar refugees. Fort Dix, a USAR Power Projection Platform, processed more than a quarter of the 13,989 Kosovar refugees admitted to the United States. The USAR Military Intelligence force is the most interoperable and continuously engaged of all the Reserve Forces. The five Army Reserve Intelligence Security Centers (ARISC) provide the equivalent of three active battalions to intelligence production and contributory efforts in direct support of the Commander in Chief missions. Army Reservists, working side-by-side with Army National Guard soldiers, contributed significantly to the rebuilding of portions of Central America devastated by hurricanes and floods. Of the 24,000 personnel assigned in Central America, 45% were USAR soldiers. During this same period, the USAR assumed command and control of six installations from the Active Component (AC) including two that are power projection platforms. Simultaneously the USAR reduced management overhead by over 5,000 spaces and completely reorganized its Training Divisions to assume training missions from the AC.

This unprecedented reduction in strength, achieved while simultaneously transforming and reorganizing the USAR structure and increasing operational support and deployments by over 300% has produced unprecedented demands on resources. This budget submission reflects these unprecedented changes and challenges.

The FY 2001 budget submission provides pay, benefits and allowances for soldiers of the USAR while on Annual Training (AT), while performing Inactive Duty for Training (IDT) (weekend drills), and while on active duty for school training, special training, special work and payment for participation in Military Funeral Honors. The RPA appropriation also provides sustainment funding for 12,806 USAR members to serve on Active Duty in an Active Guard and Reserve (AGR) status. The full time support provided by the AGR soldiers is the primary readiness enabler for USAR units and provides the soldier leadership required for AC/RC integration and support to the Army's six imperatives. Other programs funded by RPA include Reserve Officers Training Corps (ROTC), the Health Professions Scholarship Program (HPSP), the Chaplain Candidate Program (CCP), and newly commissioned officer attendance at the Branch Officer Basic Course (BOBC). The reality of decreased financial resources has made program prioritization increasingly important. The RPA budget request fully funds the Initial Active Duty for Training (IADT) of non-prior service soldiers recruited for the USAR. It also funds, in accordance with historical execution, the Annual Training (AT) and Inactive Duty for Training (IDT) of Troop Program Unit (TPU) and Individual Mobilization Augmentee (IMA) soldiers. This funding is the minimum amount necessary to provide the basic individual and collective training opportunities needed in order for the USAR to maintain its full spectrum capabilities and continue to meet the requirements of the National Military Strategy.

BUDGET ACTIVITY 1A: 3A00 - TRAINING, PAY GROUP A

1999	2000	2001
869,578	904,402	964,427

Part 1 - PURPOSE AND SCOPE

The program costs for this activity include pay and allowances, clothing, subsistence, retired pay accrual, and training travel (excludes TDY travel and per diem from unit of assignment to TDY point and return) for all officer and enlisted personnel assigned to the Troop Program Units (TPUs) of the US Army Reserve for Annual Training (AT) and Inactive Duty Training (IDT).

Annual Training (AT) - A period of active duty for training of at least 14 days, exclusive of travel, is performed by all members of troop program units on an annual basis. This training is usually performed at summer encampments so as to accommodate field exercises and maneuvers. However, annual training may also be accomplished at posts, camps, stations, or other areas if deemed appropriate for training in specific skills.

Inactive Duty Training (IDT) - Inactive Duty Training consists of any authorized training, instruction, or duty (other than Active Duty for Training) performed by members of troop program units. A unit member will attend forty-eight (48) four-hour unit training assemblies (commonly called weekend drills) annually. To supplement these drills, selected members participate in Additional Training Periods (ATPs), Readiness Management Periods (RMPs), and Additional Flight Training Periods (AFTPs). Additional Training Periods improve readiness by providing individuals and units to required and necessary training to attain and maintain designated readiness levels.

Additional Training Periods (ATPs) - Additional Training Periods for units, components of units, and individuals to accomplish additional required training, as defined by post-mobilization requirements. The number of ATPs shall not exceed twelve (12) each fiscal year for any individual.

Readiness Management Periods (RMPs) - Readiness Management Periods are used to support ongoing day to day operations of the unit such as unit administration, training preparation, support activities, and maintenance functions. The number of RMPs shall not exceed twenty-four (24) each fiscal year for any individual.

Additional Flight Training Periods (AFTP) - Additional Flight Training Periods are authorized for primary aircrew members to conduct aircrew training and combat crew qualification training to attain and maintain aircrew flying proficiency and sustain required readiness. The number of these training periods shall not exceed forty-eight (48) each fiscal year for any aircrew member.

Part 2 - JUSTIFICATION OF FUNDS REQUESTED

Pay and Allowances, Annual Training: These funds are requested to provide for the pay and allowances of personnel attending annual training. The average strength accommodates the increases and decreases to the end strength throughout the year. The participation rate is a consolidated rate that includes personnel actually attending regular, fragmented and overseas annual training. The dollar rate is an annual rate which includes base pay, retired pay accrual, basic allowance for housing, basic allowance for subsistence, and FICA.

Pay and Allowances, Inactive Duty Training (IDT): These funds are requested to provide for the pay and allowances of personnel attending inactive duty for training, to include unit training (weekend drills) assemblies, additional training periods, readiness management periods for key personnel, and additional flight training periods for aviators and flight crew members. The average strength shown for unit training reflects gains and losses to end strength which occur throughout the year. The participation rate reflects the average number of personnel attending 48 drills. The dollar rate is an annual rate which includes base pay, retired pay accrual, and FICA. The dollar rate for all types of additional training periods include the same pay and allowances authorized for unit training assemblies.

Individual Clothing and Uniform: The funds requested will provide the prescribed clothing for personnel, as authorized under the provisions of 37 U.S.C. 415, 416, and 418. The initial allowance is paid to newly commissioned officers upon completion of 15 days active duty or active duty for training. The initial issue for enlisted personnel consists of a modified clothing bag provided to all prior service accessions with a 90-day break in service. The replacement issue for enlisted personnel provides funds to permit an exchange of clothing on a issue-in-kind basis for fair wear and tear.

Subsistence of Enlisted Personnel: These funds are requested to provide subsistence for enlisted personnel while on annual training and inactive duty training.

Enlisted personnel are provided subsistence-in-kind while on annual training in the unit dining facilities. The cost of these field rations is called the Basic Daily Food Allowance as determined by a DoD Food Cost Index. If the unit does not have a dining facility or individuals are unable to eat in the dining facility because of mission requirements, operational rations called Meal, Ready-to-Eat (MRE) are issued to those personnel. All the annual training subsistence rates are daily rates.

While on inactive duty training with two assemblies in the day, enlisted personnel are authorized one meal, normally the noon meal.

Travel, Annual Training: These funds are requested to provide for training travel and per diem allowances for personnel to perform annual training. Individual travel provides for the use of personal or commercial vehicles when it is the most cost-effective means of travel or when it is not feasible to use another means. Commercial contract transportation is used to transport units that do not have the necessary organic capability; buses and trains are normally used. Military airlift and charter provide the necessary transportation for units that perform annual training overseas to include transporting the unit within CONUS, between ports, to the training site and for the return trip.

BUDGET ACTIVITY 1B: 3C00 - TRAINING, PAY GROUP B (INDIVIDUAL MOBILIZATION AUGMENTEES)

1999	2000	2001
28,004	30,298	36,479

Part 1 - PURPOSE AND SCOPE

Program costs include pay and allowances, the government's contribution for social security, retired pay accrual, and training travel (excludes TDY from unit/activity of assignment to TDY point and return) for officer and enlisted Individual Mobilization Augmentee (IMA) personnel assigned to the IMA program. The objective of the program is to:

Provide pre-trained and fully qualified personnel to fill specifically designated positions in the Joint Chiefs of Staff, Unified Commands, Department of Defense (DoD) and Department of the Army (DA) agencies and Active Component units whose functions are critical to the rapid expansion of the Army upon mobilization. All IMA positions will be subject to Presidential Selective Reserve Call-Up (PSRC). To ensure the readiness of the IMA soldier, their training is the highest priority. IMA personnel train annually with their proponent agencies in the specific positions in which they will serve upon declaration of a national emergency. This highly specialized program ensures that these reservists will be able to serve effectively as soon as they report to their mobilization stations. IMA personnel are also assigned to active component units required to deploy to the theater of operations soon after the declaration of a national emergency and the initiation of the mobilization process. The IMA program is intended to pre-identify and pre-qualify those reservists who will actually serve in specific key positions within the DoD and DA force structure. These positions are identified by proponent agencies and gaining units as being required upon mobilization, but not authorized for fill before the actual declaration of a national emergency.

Annual Training (AT) - A normal period of active duty for training consists of 12-14 days, exclusive of travel, to be performed by all members of Pay Group B. This training is usually performed at the proponent agencies and gaining units. Selected soldiers may perform a period of annual training of up to 19 days to take part in exercises and to perform overseas training.

Inactive Duty Training (IDT) - Inactive Duty Training consists of any authorized training, instruction, or duty (other than active duty for training) performed by selected members of Pay Group B. The drilling members of this pay category (DIMA) are authorized to attend up to forty-eight (48) training assemblies per year. The DIMA positions are intensely managed to insure that the USAR receives the greatest benefit possible.

BUDGET ACTIVITY 1F: 3D00 - TRAINING, PAY GROUP F

1999	2000	2001
112,277	123,038	145,204

Part 1 - PURPOSE AND SCOPE

This budget activity provides the funds for Initial Active Duty for Training (IADT) for all non-prior service enlistees into the USAR. Retired pay accrual costs are included in the program costs. The training programs offered include Regular training, Alternate training, and the Army Civilian Acquired Skills Program (ACASP). Upon completion of any of these programs the enlistee becomes qualified in his Military Occupational Specialty (MOS).

The Regular Training Program consists of an nine-week Basic Combat Training (BCT) phase followed immediately by a variable length Advanced Individual Training (AIT) phase.

The Alternate Training Program (known as the split training option) provides the same training as the regular program; however, the BCT and AIT phases are split. Upon completion of BCT, normally during the summer, the enlistee returns to his unit until his scheduled AIT date, which must be within one year of completing BCT. This program accommodates those individuals who are unable to leave their jobs or school for long periods of time.

The Army Civilian Acquired Skills Program (ACASP) provides a variable length program for those individuals who enlist with specific skills that are easily adapted to the military services. The training is tailored to the individual, and normally includes the basic military skills and specific MOS skills required to ensure that all graduates are fully qualified.

BUDGET ACTIVITY 2E: 4K00 - MOBILIZATION TRAINING (INDIVIDUAL READY RESERVE)

1999	2000	2001
<u>28,095</u>	<u>9,794</u>	<u>13,604</u>

Part 1 - PURPOSE AND SCOPE

Program costs include all pay, allowances, retired pay accrual costs and Active Duty Training (ADT) travel from home to the first duty station and return for officer and enlisted personnel of the Individual Ready Reserve (IRR). The IRR force is in excess of 180,000 soldiers and is the Army's mobilization force. As demonstrated in Desert Shield/Desert Storm, the USAR is the manpower pool used to support active army personnel shortfalls during declared national emergencies and contingency operations. This program enhances troop program unit training by utilizing selected IRR personnel working in their mobilization specialties to fill Selected Reserve annual training support requirements and other USAR activities. IRR soldiers who perform tours of duty provide essential support for the accomplishment of specified USAR missions, projects or exercises and usually receive training benefit from the tours while working in their mobilization specialties. The program also includes funds to support attendance of non-unit reservists selected by DA Boards at various service colleges and schools. Specific objectives of the Mobilization Training Program are to:

1. Provide professional developmental and mobilization specialty training of IRR personnel in the grades specialties and numbers required to meet Total Army mobilization requirements.
2. Ensure that IRR members have their critically needed mobilization skills and specialties identified, validated and effectively developed, maintained, and modernized.
3. Assist in the timely identification, reclassification and requalification of IRR members whose grades and specialties are excess to the Army's projected mobilization requirements.
4. Reduce the increasingly critical Reserve mobilization personnel shortfall by retaining more IRR members qualified to serve effectively upon mobilization.
5. Modernize IRR members' mobilization specialties to ensure an accurate match with wartime skills required by the Army's state-of-the-art equipment, tactics, and doctrine.

PART 1 - PURPOSE AND SCOPE

Program costs for this activity include pay, allowances, retired pay accrual costs, and training travel from home to the first duty station and return for tours of Active Duty for Training (ADT) and Active Duty for Special Work (ADSW) performed by USAR personnel assigned to Troop Program Units (TPUs). These tours support projects and programs related to the US Army Reserve and serve to maintain and improve individual mobilization skill proficiency and unit readiness. This program supports the Congressional language pertaining to ADSW. TPU soldiers who perform tours of ADSW provide essential support for the accomplishment of specified USAR missions, projects, exercises, or units, which could not be accomplished otherwise. Specific objectives of this activity are to:

1. Provide TPU personnel possessing required Reserve Component expertise to support USAR training activities, e.g., development of training policies and programs, development of instructional materials for US Army Reserve Forces schools, and membership on boards.
2. Provide for effective supervision of TPU training programs conducted by subordinate elements to ensure that training is conducted in accordance with Department of the Army policy and doctrine to meet mobilization readiness objectives.
3. Increase mobilization preparedness through participation by TPU personnel in exercises and field training in a simulated mobilization environment with other Army units and units of other services.
4. Provides funds for readiness management, command and staff supervision, operational training, competitive events, management support, recruiting, and retention. Provides funds for planning and support of readiness training exercises, mobilization exercises, participation in exercise planning activities and overseas deployment training - all directly affecting readiness.

BUDGET ACTIVITY 2T: 4H00 - ADMINISTRATION AND SUPPORT

1999	2000	2001
825,084	894,250	912,447

Part 1 - PURPOSE AND SCOPE

Active Guard and Reserve (AGR) Personnel

The funds requested in this budget activity are to provide for pay and allowances, retired pay accrual costs, uniform allowances, subsistence, and permanent change of station travel (including PCS-TDY enroute) costs of Army Reserve officers and enlisted personnel serving on active duty as authorized by Title 10, United States Code, Chapter 1209.

The AGR soldier is an Army Reserve member serving on active military service in the Full Time Support Program. AGRs provide direct support to prepare Reserve Components for their wartime mission. The AGR soldier works full time for the purposes of organizing, administering, recruiting, instructing or training the Army Reserve. AGRs deploy keeping reserve units filled with qualified personnel, a vital aspect of readiness.

Over the past several years, more and more Active Army missions have been transferred to the Army Reserve. The Army has been able to meet these missions because full time support personnel have been available to support reserve unit commanders.

AGR soldiers must meet the same standards as soldiers in the Active Army. They compete against each other, members of the Individual Reserve, and troop program unit members for promotion. They serve in areas that are generally remote from an Active Army installation. AGR soldiers can achieve active retirement (Title 11) under this program.

Part 2 - JUSTIFICATION OF FUNDS REQUESTED

Administrative Programs

Incentives

These financial incentives do not encompass the entire reserve force. Funds requested provide for payment of two types of Reserve Incentives: Health Profession Incentives and Selected Reserve Enlisted Incentives. Each category's requirements are summarized below:

Health Professions Incentives (HPI)

Specialized Training Assistance Program (STRAP): Section 16201, Chapter 1608, Title 10 United States Code (U.S.C.), provides for Specialized Training Assistance Program (STRAP) payments of a stipend to obtain adequate numbers of commissioned officers in the reserve component qualified for health professions specialties critically needed in wartime. The stipend provides financial assistance to persons engaged in specialized training in the health professions critically needed in wartime. The payment is at the same level as students enrolled in the Health Professions Scholarship Program. The amount of financial assistance an officer may receive while engaged in specialized training is determined by the service obligation for which the officer contracted on enrollment into STRAP.

Health Professions Loan Repayment (HPLR) Program: Provides for repayment of outstanding loans by the Government that were secured after 1 Oct '75. The loans made, insured, or guaranteed must be through a recognized financial or educational institution and used to finance education in a health profession program the Secretary of Defense determines is critically needed to meet identified wartime combat skill shortages. In NDAA FY99, Section 16302, Title 10, U.S.C. was amended to increase the maximum allowable yearly payment from \$3,000 to \$20,000 and the total authorized under this section of law was increased from \$20,000 to \$50,000.

Nurse Candidate Program: A Congressionally directed bonus program to target nurse candidates in the junior and senior year of Bachelors of Nursing (BSN) program for accession contracting for four to five years of active duty, and a total of eight years military service. The incentive program pays a \$5,000 bonus, plus a \$500 a month stipend per month of full time schooling.

Health Profession Officer Bonus Program: A Congressionally directed bonus program to attract and retain health care professionals in critically short wartime specialties to the Selected Reserve (SELRES). An annual bonus up to \$10,000 can be paid up to 3 years based on what the officer contracted for on enrollment into Bonus. The minimum is one year.

Selected Reserve Incentive Program (SRIP) - Enlisted. Chapter 5, Title 37 U.S.C. provides for the payment of cash bonuses to selected enlisted members. Bonuses are summarized below:

College First Program: Allows soldiers to attend college for up to two years and receive a \$150 a month stipend. While attending school the soldier may serve in the Individual Ready Reserve or in a Troop Program Unit. After that period the soldier agrees to go on Active Duty.

Non-Prior Service (NPS) Enlistment Bonuses: Enlist for six years, high school graduate: up to \$8,000 for critical skills and priority unit; payable at a rate of 50% upon completion of AIT; 20% at end of second year of service and 30% at the end of the fourth year of service; and one-fourth of total anniversary payments, second and fourth year. Enlistment Bonus - Army Civilian Acquired Skill Program (ACASP) Enlistment Bonus (\$5,000).

Affiliation Bonus: Soldier transitioning from Active Duty who affiliates with a USARC Troop Program Unit (TPU) in their active duty MOS may receive the equivalent of \$50 for each month satisfactorily served in the TPU for the remainder of their statutory military service obligation.

Prior Service Enlistment Bonus: This bonus is offered to eligible prior service personnel enlisting in the Selected Reserve for periods of three or six years. A total bonus of \$2,500 is offered to those enlisting for three years and a total bonus of \$5,000 to those enlisting for six years. Three-year bonus initial payment of \$1,250, with anniversary payments of \$1,000.00 at end of the third year of satisfactory service for term of original contract. Six-year bonus initial payment of \$2,500, with anniversary payments of \$1,000.00 at end of the third year of satisfactory service for term of original contract.

Re-enlistment Bonuses: Reenlist/extend for between three and six years in a critical skill; paid \$2,500 for a three year contract; \$5,000 for six year contract.

Loan Repayment: Enlist for six years or reenlist/extend for three to six years; high school graduate; critical MOS; repays 15 percent of the original outstanding loan balance and accrued interest not paid by the Department of Education or \$500, whichever is greater, up to a maximum of \$1,500 for each year of satisfactory service. No payment will exceed the amount required to liquidate the loan up to \$20,000, whichever is less.

Death Gratuities

The funds requested are to provide the payment of death gratuities to beneficiaries of deceased Army Reserve military personnel, under the provisions of Title 10, United States Code, Chapter 75, if member dies:

- (1) While on inactive duty training.
- (2) From an injury that occurred while traveling directly to or from inactive duty training.
- (3) Within 120 days after discharge or release from inactive duty training, if the Administrator of Veterans' Affairs determines that death resulted from an injury incurred or aggravated while performing, or traveling directly to or from such training.

Disability and Hospitalization Benefits

Entitlement is contained in Title 10 U.S.C. Chapter 60, 1206 and Title 37 U.S.C. Section 204 and 206. The funds requested provide payment for members of the Army Reserve who suffer injury or disability or contract disease in line of duty, active or inactive. They are entitled to hospitalization and pay and allowances during such hospitalization. A member who performs inactive duty training and is separated for physical disability due to injury which was the proximate result of the performance of such duty, is entitled to severance pay, if otherwise qualified under appropriate personnel regulations.

BUDGET ACTIVITY 2U: 4S00 - EDUCATION BENEFITS

1999	2000	2001
31,119	30,651	40,773

Part 1 - PURPOSE AND SCOPE

Funds are for payment to the Department of Defense Education Benefits Fund, a trust fund. The program is governed by Title 10 United States Code, Chapter 1606. All individuals enlisting, reenlisting, or extending for not less than six years in the Selected Reserve after July 1, 1985, except those who have received a commission from a Service Academy or completed an ROTC scholarship program, are eligible to receive educational assistance. Individuals must also meet initial training and high school diploma or equivalency requirements. Cost estimates are actuarially based and reflect eligibility estimates adjusted by an estimate of ultimate benefit utilization and partially offset by an estimate of interest earned on investments of the Education Benefits Fund. Postgraduate level education is now made available to those service members who have earned an under graduate degree. The program provides funds applicable to one of four levels of educational pursuit. These levels are \$203.24 per month for each month of full-time educational pursuit of a program of education; \$153.43 per month for each month of three quarter-time pursuit of a program of education; \$102.62 per month for each month of half-time pursuit of a program of education; and an appropriately reduced rate, as determined under regulations which the Secretary of Veteran's Affairs shall prescribe, for each month of less than half-time pursuit of a program of education. Additionally, soldiers in selected critical skills or high priority units are eligible for the MGIB-SR Educational Assistance Allowance Increase or "MGIB-SR Kicker" of up to \$350.00 per month.

BUDGET ACTIVITY 2A: 4W00 - SENIOR ROTC NON-SCHOLARSHIP PROGRAM

1999	2000	2001
<u>22,423</u>	<u>19,674</u>	<u>21,934</u>

Part 1 - PURPOSE AND SCOPE

This budget program provides a subsistence allowance for ROTC nonscholarship advance course cadets while attending an educational institution, the procurement of individual clothing, a commutation allowance in lieu of uniform issue for schools with distinctive uniforms, and pay and allowances, subsistence, and travel for ROTC nonscholarship advance course cadets while at ROTC summer camps and field training.

The subsistence allowance at educational institutions for Advanced Course payment begins on the date of participation and continues uninterrupted except for the period of field training until completion of instruction, but not more than 20 months (30 months as authorized for extended entitlement for a 5-year program) at the rate of \$200 per month and ending with the academic year.

Cadet Troop Leader Training (CTL) - Each tour consists of 21 days training with an Active Army unit or 14 days training with a Reserve Component unit (average tour is 19 days).

Professional Development Training (PDT) - Includes Airborne, Air Assault, Northern Warfare, and Jungle Warfare Training for periods up to 21 days. Training emphasizes improvement of cadet skills, confidence and readiness in a cost-effective manner with challenging programs that influence cadet enrollment, motivation, and retention.

Practical Field Training (PFT) - Two days training (field exercises/command post exercises) to train, test and validate all ROTC cadets in specific military skills before reporting to their first duty stations. Funds provide for cadet rations and travel (contract bus) to and from tactical training sites.

1999	2000	2001
<u>13,734</u>	<u>15,756</u>	<u>17,496</u>

Part 1 - PURPOSE AND SCOPE

This budget program provides funds for ROTC graduates designated for Reserve Forces Duty (RFD), either USAR or National Guard to attend full-length, resident Branch Officer Basic Courses (BOBC). It includes pay and allowances, retired pay accrual costs, uniform gratuities, and travel for officers.

Title 50 U.S.C.A. Section 456, 1987, requires that commissioned ROTC graduates not required to serve on active duty with the Army attend active duty for training for a period of not more than six months and serve in the Reserve components until the eighth anniversary of commissioning. Successful completion of a BOBC qualifies officers for mobilization deployment.

1999	2000	2001
<u>20,865</u>	<u>23,934</u>	<u>24,896</u>

Part 1 - PURPOSE AND SCOPE

This budget program provides funds for officers to participate in the Armed Forces Health Professions Scholarship and Financial Assistance Programs (HPSP & FAP) in accordance with Title 10 United States Code, chapter 105, sections 2120 through 2127. This program is the Army's primary source of medical doctors. The objective of this program is to provide, in conjunction with other health professional officer acquisition programs, a sufficient number of trained personnel to support the Army Medical Department in its health care mission. Members pursuing specialized training shall serve on active duty in a pay grade commensurate with their education level with full pay and allowances of that grade for a period of 14 days during each year of participation in the program. They are detailed as students at accredited civilian institutions located in the United States or Puerto Rico, for the purpose of acquiring knowledge or training in a designated health profession. In addition, members of the program, under regulation prescribed by the Secretary of Defense, receive military and professional training and instruction. Except when serving on active duty, a member of the program is entitled to a monthly stipend at a rate established annually by the Secretary of Defense. Upon graduation, participants incur a minimum of three years service obligation in the active component.

The National Defense Authorization Act for FY 90-91, 19 Nov. 89 (P.L. 101-189) modified the HPSP by adding the Financial Assistance Program (FAP). FAP provides financial assistance to medical resident students to help obtain adequate numbers of specially trained physicians for clinical practice. Specialties will vary depending on Army requirements. Participants receive an annual grant, a monthly stipend, and reimbursement of approved educational expenses. FAP recipients perform two weeks of Active Duty for Training (ADT) each year.

1999	2000	2001
<u>2,259</u>	<u>1,816</u>	<u>3,506</u>

Part 1 - PURPOSE AND SCOPE

This budget program provides funds for officers to participate in the Chaplain Candidate Program. The objective of this program is to provide, in conjunction with other chaplain procurement programs, a sufficient number of trained personnel to support the Army Chaplaincy in its pastoral care and religious ministry mission. Members must be either full-time seminary students, or seminary graduates waiting ecclesiastical endorsement and/or ordination. Members receive military and professional training and instruction in accordance with appropriate regulations during participation in the program. Upon completion of the program, when duly ordained and endorsed by their respective denominational agency, participants are qualified as Army chaplains and are assigned to either the Active or Reserve Components.

Chaplain Officer Basic Course (COBC): COBC training is required in order to qualify officers commissioned as Chaplain Candidates (staff specialists) for future service as US Army Chaplains in either the Active or Reserve Component. This budget program funds COBC attendance of Chaplain Candidates commissioned in the Army Reserve. Costs include pay and allowances, uniform gratuities, and travel for officers attending COBC.

Chaplain Active Duty for Training (CADT): Members of this program serve on active duty in the pay grades of O-1 or O-2 with full pay and allowances at those grades for a period of 45 days during each year of participation in the program, not to exceed a total of 135 days. Costs include pay and allowances and travel for officers attending CADT.
